

Square Medical Group

Approach to Billing

We will make every effort to be available and supportive to our patients. Our only requirement is that we be paid for the time we dedicate to your care. A staff member will work with you to explain what part of your treatment is covered by your health insurance.

If treatment time is not covered by insurance, we will bill you directly. This includes any treatment time that you asked us to set aside and for which you did not arrive.

Thank You,
Square Medical Group Management

Self-Pay Rates for our Services
